3Si INFLATABLE BUOYANT APPARATUS

3Si offers a wide range of IBA sizes. While the 4, 6, 8 and 10 person non-reversible IBA is available in a water resistant soft valise or low profile fiberglass container, the 25 and 50 person reversible IBAs are available in cylindrical containers. Our IBAs are constructed with double buoyancy chambers, inflatable boarding ramp(s), rescue light and an emergency equipment pack. Cradle assemblies for our low profile containers are constructed with light-weight aluminum and includes a securing strap and hydrostatic release. Cradle assemblies for 25 and 50 person IBAs are constructed in galvanized steel and are available in standard flat stowage or for inclined stowage. Incline cradle assemblies are available for one, two or three rafts.

Equipment Pack Includes:

- Bailer
- Paddles (2)
- Topping-up Pump
- Sea Anchor
- Hand Flares
- Repair Kit
- Floating Knife
- Flashlight
- Whistle
- Sponges
- Signal Mirror
- First Aid Kit
